Summer Staff A and B—Clarification of scope and rationale:

Delanco Camp, in the interest of consistency and commitment, has always asked its summer staff members to commit for the entire summer. Consideration has been given to those leaving early to return to school or for other circumstances. However, in 2008, we would like to extend the option for individuals to apply for part of the summer. Staff A and B would allow for consistency and commitment while also providing flexibility for those desiring to work at camp but unable to commit for the entire summer. Please fill out the appropriate application (new or returning staff) and mark your interest to work Staff A, Staff B, or both (entire summer).
